SUPPLEMENT T
REPORT NO.

1. It was reported in October that the Askania plant in Teltow (now called Volkseigene Betriebe Teltow) had purchased in western Germany materials needed for the filling of its reparations orders. These purchases, amounting to some 70,000 marks (previously given as 55,000), were paid for through the firm of Schlittenhart in Pforzheim, which also stored the goods pending their release for shipment. Without official permission, however, the goods were transported illegally over the zonal boundary at Heiligenstadt (C61), and they were received in Teltow on 13 December. As a result of this delivery, the factory in Teltow will now be able to fill its outstanding reparations orders by the end of December.
2. It is stated that there is a lively interzonal traffic by truck via Heiligenstadt. Goods shipped by this route are stored by the trucking firm of Kunze in Heiligenstadt, which notifies the consignees and arranges for delivery to them.
3. The shipment to Teltow described in para. 1 was transported by a convoy conducted by an engineer from Askania Teltow named Ernst Tebbe, residing at Wölfertstrasse (Fignerstr.) 1, Berlin-Tempelhof.
